

## Conference Program

*Fourth IP & Innovation Researchers of Asia Conference*

**9 - 12 February 2022**

*Online Event*

# Welcome Message

Dear Colleagues,

Welcome to the Fourth IP & Innovation Researchers of Asia (IPIRA) Conference! Because of the still ongoing Covid-19 pandemic, we are again meeting Online. However, as the Online event of 2021 demonstrated, this will be an important opportunity for the IPIRA Community to get together and spend several days discussing important ideas and scholarship.

As you know, the IPIRA Conference was created in 2019 as an annual initiative of the IP & Innovation Researchers of Asia Network to provide a forum for intellectual exchanges between researchers interested in IP and Innovation law in Asia and beyond. This year again, we are proud to welcome researchers from all nationalities and levels of seniority to meet and discuss their works-in-progress.

The Organizers would like to extend their sincere thanks to the presenters, chairs, and participants of the Conference. Even though we again travel only virtually, we are honored to host you at the Fourth IPIRA Conference!

As always, the Conference would not be possible without the tireless efforts of our colleagues, staff, and student assistants. We thank them warmly. We also extend our gratitude to the colleagues that have accepted to be part of our Scientific Committee and the many supporting institutions which they represent.

We trust that you will find the next four days insightful and will enjoy discussing IP and Innovation-related topics, catching-up with old friends, and meeting new ones. Thank you again for making this event special and for enriching the house of knowledge with your research and works-in-progress.

*The Organizers of the Fourth IPIRA Conference*
