

CASUALTY INSURANCE PRACTICE

Self-paced online course

10 modules

THE COURSE AT A GLANCE

Casualty insurance is a highly specialised insurance product and requires many years of on-the-job training to reach a level of proficiency. Currently there is no single source of training or reading material available for this line of work in the South African market.

This advanced short course in **casualty insurance** aims to address this critical skills shortage in the industry by providing graduates, insurance- and legal professionals the opportunity to advance their careers with theoretical and practical, occupationally relevant online training in **casualty insurance practice**.

This is the first of a range of short courses aimed at vocational training for the short-term insurance industry. The ideal practical hands-on course for all involved in risk. **Sign up and work at your own pace!**

DURATION: 10 modules. Although the course is self-paced, it is recommended that the course be completed within 6 months of registration. Estimated learning time of 38 hours, and on registration and payment, you will be given access to the course for 12 months.
